OLSH SPORTS

PHYSICAL PACKET

SECTIONS 1 to 6

Pre-Participation Physical Evaluation

**Required for any
student-athlete who participates
in OLSH Athletics.**

Sections 1 to 5 is to be completed & signed by a PARENT/GUARDIAN.

STUDENT SIGNATURES required on Sections 3, 4, 5.

Section 6 is to be completed by an AUTHORIZED MEDICAL EXAMINER.

Our Lady of the Sacred Heart High School

1504 Woodcrest Avenue, Coraopolis, PA 15108-3054

General E-Mail: info@olsh.org • Web Page: www.olsh.org

2016-17 School Year

Dear Parent/Guardian:

Your son/daughter has indicated a desire to participate in the athletic program offered by Our Lady of the Sacred Heart High School. We encourage his/her participation in our formal athletic programs, but feel it is necessary to explain to you school policy regarding participation.

All students and parents are expected to follow the guidelines as set forth in the OLSH Parent-Student Handbook and by the WPIAL/PIAA.

You may or may not be aware of the difficulty in obtaining adequate insurance coverage against injury to students who participate in athletic programs. If you are not, I would like to explain to you that the school does NOT carry insurance for any athletic activity. This is a standard policy for the Diocese of Pittsburgh.

It is the policy of the school that no student will be permitted to engage in any competitive or interscholastic sport without first securing insurance. And, you undoubtedly carry your child under an insurance coverage (ex. Blue Cross, Blue Shield, Pennsylvania's Children Health Insurance [www.chipcoverspakids.com]) which is provided by either your employer, by you directly, or through Pennsylvania's Health Insurance. In order for your child to participate in the athletic program of OLSH without problem of medical expenses being paid, you must sign and return the attached form (SECTION 1). In the event of injury, prompt medical care will be provided for your child on the basis of YOUR INSURANCE. OLSH will not assume medical responsibility for any injury sustained while engaging in any athletic activity sponsored by OLSH.

The school purchases the best possible equipment and uniforms for our athletes. The cost of outfitting our athletes is increasing tremendously each year. Therefore, we would appreciate the parents assistance in controlling the loss of the school's equipment and uniforms. Equipment and uniforms will be issued to all athletes at the beginning of the sport season and collected at the end of the season. Once a child receives the equipment and/or uniforms, it is his/her responsibility to return what was issued at the beginning of the season. Any student who has LOST, STOLEN, or KEPT the equipment and/or uniform MUST pay for them. (See "Tuition and Fees" in the OLSH Parent-Student Handbook.) It is your child's responsibility to take proper care of OLSH's property. With your assistance, I am sure that we can eliminate any future problems.

Students should understand and keep in mind that being selected to represent their school as an interscholastic athletic activity is a privilege. All should realize that participation in athletics is part of a total educational experience. OLSH is pleased to have your child participate in its athletic program.

Thank you very much for your cooperation.

Sincerely

Coach Mac

Michael S. McDonald, Athletic Director

NEWS RELEASE

FOR IMMEDIATE RELEASE
Friday, January 28, 2011

PIAA STRENGTHENS CODE OF ETHICS

At its meeting of Thursday, January 27, 2011, the Pennsylvania Interscholastic Athletic Association, Inc. (PIAA) Board of Directors amended its Code of Ethics, which is set forth in the PIAA By-Laws. The Code of Ethics provides guidance as to appropriate standards of behavior by those persons involved in interscholastic athletics.

The first change related to the means by which Coaches address potentially poor performances by Contest officials, such as referees. PIAA has a review process for Contest officials. Coaches are participants in that process. The Code of Ethics was amended to emphasize that Coaches should raise criticisms and concerns through this process and not through the media. PIAA Executive Director Brad Cashman noted that some Coaches have used referees as scapegoats in the media to explain defeats. This approach is unfair to opponents and officials and is not acceptable behavior.

The Code of Ethics was also amended to make clear PIAA's expectation of courteous and appropriate behavior by spectators of athletic events. While enthusiastic support of Teams and student-athletes is encouraged, the Board of Directors made clear that boorish behavior and efforts to provoke, intimidate, or berate Coaches, Contest officials, student-athletes, and/or other spectators, or to interfere with the Contest, will not be tolerated. Those fans engaging in such conduct may be removed from the site and barred from future attendance. PIAA Executive Director Brad Cashman remarked that spectators are an important part of the interscholastic experience and that unsportsmanlike and rude behavior is detrimental to the purposes of interscholastic athletics.

Finally, the Board of Directors made minor and clarifying changes to the Code of Ethics as it applies to Contest officials.

The changes are effective immediately.

A copy of the revisions is attached to this News Release.

CODE OF ETHICS PERTAINING TO HIGH SCHOOL ATHLETICS

This Code of Ethics Pertaining to High School Athletics is to be regarded not only as recommendations, but also as rules governing the conduct of schools, student-athletes, Coaches, Contest officials, Athletic Directors, Principals, and the public.

* * *

Section 3. Coaches Should:

- A. Have a fair, unprejudiced relationship to student-athletes.
- B. Teach student-athletes to win through legitimate means only. Striving to win at any cost is distinctly unethical.
- C. Give opponents full credit when they win.
- D. Control one's temper at all times.
- E. Not use, and discourage the use of, profanity, obscene gestures, and/or obscene language.
- F. Recommend the use of competent Contest officials and support their decisions. The Coach should direct concerns and criticisms of Contest officials through the appropriate review process and not criticize the actions or decisions of Contest officials through the media or to before student-athletes and/or spectators.
- G. Counteract unfounded rumors of questionable practices by opponents. To establish the truth or falsity of these rumors the Coach should refer them directly to the authorities of the school concerned.
- H. Not recruit students for an athletic purpose.
- I. Maintain control of the Team for which the Coach is responsible.

Section 4. Contest Officials Should:

- A. Have thorough preparation in the current rules and approved officiating techniques of the sport.
- B. Be physically fit and mentally alert.
- C. Have a neat, distinctive, and approved uniform.
- D. Report for duty at least 30 minutes before the scheduled start of a Contest.
- E. Honor all agreements to officiate Contests.
- F. Control one's temper in all relations with students, Coaches, member schools, and spectators at all times.
- G. Call them as one sees them.
- H. Make clear any interpretations and announcements.
- I. Following a Contest officiated, not discuss plays or student-athletes of a Team in that Contest with any of their future opponents.

* * *

Section 7. The Public Should:

- A. Realize that gambling on Contests, the consumption of alcoholic beverages, and/or the use of illegal drugs, anabolic steroids, and/or other performance enhancing drugs in connection with Contests are all detrimental to the best interests of athletics and the standards which PIAA is endeavoring to foster.
- B. Not use profanity, obscene gestures, and/or obscene language while attending Contests.
- C. Not attempt to provoke, intimidate, and/or berate Coaches, Contest Officials, student-athletes, and/or other spectators.
- D. Not interfere with any Contests.

Any spectator who evidences poor sportsmanship and/or behavior inconsistent with this Code of Ethics may be removed from a Contest venue and may be prohibited from attending future Contests.

**PIAA COMPREHENSIVE INITIAL
PRE-PARTICIPATION PHYSICAL EVALUATION**

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may not be authorized earlier than June 1st and shall be effective, regardless of when performed during a school year, until the next May 31st.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 8 need be completed.

SECTION 1: PERSONAL AND EMERGENCY INFORMATION

PERSONAL INFORMATION

Student's Name _____ Male/Female (circle one)

Date of Student's Birth: ___/___/___ Age of Student on Last Birthday: ___ Grade for Current School Year: ___

Current Physical Address _____

Current Home Phone # () _____ Parent/Guardian Current Cellular Phone # () _____

Fall Sport(s): _____ Winter Sport(s): _____ Spring Sport(s): _____

EMERGENCY INFORMATION

Parent's/Guardian's Name _____ Relationship _____

Address _____ Emergency Contact Telephone # () _____

Secondary Emergency Contact Person's Name _____ Relationship _____

Address _____ Emergency Contact Telephone # () _____

Medical Insurance Carrier _____ Policy Number _____

Address _____ Telephone # () _____

Family Physician's Name _____, MD or DO (circle one)

Address _____ Telephone # () _____

Student's Allergies _____

Student's Health Condition(s) of Which an Emergency Physician Should be Aware _____

Student's Prescription Medications _____

SECTION 2: CERTIFICATION OF PARENT/GUARDIAN

The student's parent/guardian must complete all parts of this form.

A. I hereby give my consent for _____ born on _____ who turned _____ on his/her last birthday, a student of _____ School and a resident of the _____ public school district, to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests during the 20____ - 20____ school year in the sport(s) as indicated by my signature(s) following the name of the said sport(s) approved below.

Fall Sports	Signature of Parent or Guardian
Cross Country	
Field Hockey	
Football	
Golf	
Soccer	
Girls' Tennis	
Girls' Volleyball	
Water Polo	
Other	

Winter Sports	Signature of Parent or Guardian
Basketball	
Bowling	
Competitive Spirit Squad	
Girls' Gymnastics	
Rifle	
Swimming and Diving	
Track & Field (Indoor)	
Wrestling	
Other	

Spring Sports	Signature of Parent or Guardian
Baseball	
Boys' Lacrosse	
Girls' Lacrosse	
Softball	
Boys' Tennis	
Track & Field (Outdoor)	
Boys' Volleyball	
Other	

B. Understanding of eligibility rules: I hereby acknowledge that I am familiar with the requirements of PIAA concerning the eligibility of students at PIAA member schools to participate in Inter-School Practices, Scrimmages, and/or Contests involving PIAA member schools. Such requirements, which are posted on the PIAA Web site at www.piaa.org, include, but are not necessarily limited to age, amateur status, school attendance, health, transfer from one school to another, season and out-of-season rules and regulations, semesters of attendance, seasons of sports participation, and academic performance.

Parent's/Guardian's Signature _____ Date ____/____/____

C. Disclosure of records needed to determine eligibility: To enable PIAA to determine whether the herein named student is eligible to participate in interscholastic athletics involving PIAA member schools, I hereby consent to the release to PIAA of any and all portions of school record files, beginning with the seventh grade, of the herein named student specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), residence address of the student, health records, academic work completed, grades received, and attendance data.

Parent's/Guardian's Signature _____ Date ____/____/____

D. Permission to use name, likeness, and athletic information: I consent to PIAA's use of the herein named student's name, likeness, and athletically related information in video broadcasts and re-broadcasts, webcasts and reports of Inter-School Practices, Scrimmages, and/or Contests, promotional literature of the Association, and other materials and releases related to interscholastic athletics.

Parent's/Guardian's Signature _____ Date ____/____/____

E. Permission to administer emergency medical care: I consent for an emergency medical care provider to administer any emergency medical care deemed advisable to the welfare of the herein named student while the student is practicing for or participating in Inter-School Practices, Scrimmages, and/or Contests. Further, this authorization permits, if reasonable efforts to contact me have been unsuccessful, physicians to hospitalize, secure appropriate consultation, to order injections, anesthesia (local, general, or both) or surgery for the herein named student. I hereby agree to pay for physicians' and/or surgeons' fees, hospital charges, and related expenses for such emergency medical care. I further give permission to the school's athletic administration, coaches and medical staff to consult with the Authorized Medical Professional who executes Section 6 regarding a medical condition or injury to the herein named student.

Parent's/Guardian's Signature _____ Date ____/____/____

F. CONFIDENTIALITY: The information on this CIPPE shall be treated as confidential by school personnel. It may be used by the school's athletic administration, coaches and medical staff to determine athletic eligibility, to identify medical conditions and injuries, and to promote safety and injury prevention. In the event of an emergency, the information contained in this CIPPE may be shared with emergency medical personnel. Information about an injury or medical condition will not be shared with the public or media without written consent of the parent(s) or guardian(s).

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 3: UNDERSTANDING OF RISK OF CONCUSSION AND TRAUMATIC BRAIN INJURY

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student's brain normally works.
- Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been "dinged" or "had their bell rung."

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, **one or more** of the symptoms listed below may become apparent and/or that the student "doesn't feel right" soon after, a few days after, or even weeks after the injury.

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

What should students do if they believe that they or someone else may have a concussion?

- **Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents.** Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- **The student should be evaluated.** A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- **Concussed students should give themselves time to get better.** If a student has sustained a concussion, the student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student's brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from an MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

- Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:
 - The right equipment for the sport, position, or activity;
 - Worn correctly and the correct size and fit; and
 - Used every time the student Practices and/or competes.
- Follow the Coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don't hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Student's Signature _____ Date ____/____/____

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 4: UNDERSTANDING OF SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- dizziness
- lightheadedness
- shortness of breath
- difficulty breathing
- racing or fluttering heartbeat (palpitations)
- syncope (fainting)
- fatigue (extreme tiredness)
- weakness
- nausea
- vomiting
- chest pains

These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who have SCA die from it.

Act 59 – the Sudden Cardiac Arrest Prevention Act (the Act)

The Act is intended to keep student-athletes safe while practicing or playing. The requirements of the Act are:

Information about SCA symptoms and warning signs.

- Every student-athlete and their parent or guardian must read and sign this form. It must be returned to the school before participation in any athletic activity. A new form must be signed and returned each school year.
- Schools may *also* hold informational meetings. The meetings can occur before each athletic season. Meetings may include student-athletes, parents, coaches and school officials. Schools may also want to include doctors, nurses, and athletic trainers.

Removal from play/return to play

- Any student-athlete who has signs or symptoms of SCA must be removed from play. The symptoms can happen before, during, or after activity. Play includes all athletic activity.
- Before returning to play, the athlete must be evaluated. Clearance to return to play must be in writing. The evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or certified medical professionals.

I have reviewed and understand the symptoms and warning signs of SCA.

Signature of Student-Athlete	Print Student-Athlete's Name	Date ___/___/___
